

SPONSOR ME!

Jade

Age: 1 year 5 months

Family: Mom and 3 older brothers

Home: I live with my family in a house in Colonia Allende donated by a former manager from the daycare.

Favorite Activity: Playing with blocks. I love building things.

This is my second year at Centro Infantil de los Angeles. Last summer, I learned how to walk and now I love being active. During playtime at the daycare, I run around Maestra Erika's room playing with bouncy balls, dancing, and generally entertaining the rest of my classmates. I hope everyone else starts walking soon so we can run together!

Centro Infantil de los Angeles is a non-profit organization that provides free, quality daycare and preschool education to children with the greatest need in San Miguel de Allende, Mexico. Our center affords working parents the comfort of knowing their children are fed, nurtured, safe, and cared for as they work to make a better life for themselves and the community as a whole.
